WELCOME MESSAGE

Rashed Bin Dalmoock Al Maktoum

Chairman of Dubai Racing Club

I am delighted to welcome racing enthusiasts and industry professionals from around the world to the 28th Dubai World Cup, staged at Meydan Racecourse.

Since its inception at Nad Al Sheba Racecourse in 1996, the Dubai World Cup has become one of the best-established festivals of its kind and a pioneer in the Middle East. We are proud of how it has grown and of the many top-class horses it has produced.

We are delighted to welcome once again some of the world's best horses, trainers and jockeys to our iconic racecourse, for a day of action which remains one of the best in the world. Our off-track entertainment will once again stun the world and show the levels of hospitality which Dubai has to offer.

I would like to thank the teams at Dubai Racing Club and Meydan Racecourse for their hard work and to wish everyone the very best of luck for a safe and successful Dubai World Cup meeting.

You will receive a confirmation email with a link to review your nominations.

DWC BONUS SCHEME

BONUS Qualifying Race

An exciting new Bonus Scheme of qualifying races for the Dubai World Cup has been announced, with more than \$4 million in additional prize money up for grabs. Nine races, all run at Meydan Racecourse between January and March 2024, will give the winners automatic entry to the corresponding race on Dubai World Cup night, March 30th, with a chance of a 10% bonus if they win both races. The bonus scheme is the first of its kind in the region and is aimed at encouraging trainers and owners to prepare their horses in Dubai for the Dubai World Cup, something which has already proved successful. Thunder Snow, the only dual winner of the race, in 2018 and 2019, is the most recent DWC winner to prepare by competing at Meydan. This season, two races, the G1 Maktoum Challenge on January 26th, and the G2 Maktoum Classic, on March 2nd, both qualifying races for the G1 \$12million Dubai World Cup, offer \$1.2million in additional prize money.

SHIPPING CONDITIONS

All shipping arrangements will be co-ordinated through Janah Management Co Ltd or by their appointed shipping agents.

For the horses invited to run on Dubai World Cup night, the Dubai Racing Club (DRC) will pay or provide for:

- The following expenses for overseas horses, for the duration of their stay in Dubai, prior to and including the running of all races on the Dubai World Cup programme:
 - a) Feed, fodder, bedding, water and basic horse care products
 - b) Shoeing (non-therapeutic)
- All horses will share a pallet, where possible, providing each horse with a stall and a half.
- When tack and equipment cannot be accommodated on the pallet, all additional goods must fit into an LD3 container.

Any change from the transport arrangement suggested by the DRC which incurs additional cost will be at the owner's expense. The shipping arrangements of all horses will be organised by the DRC shipping agents.

The DRC and its transport agents will not be liable for any death of or injury to any invited horses during transportation to and from the United Arab Emirates or while in the United Arab Emirates.

Horses from the same region will, as far as possible, travel on the same flights.

The DRC will arrange and cover the normal costs of return transport by road from the home stable to departure airport, and return air transportation to country of origin based on existing cargo routes. However, any costs relating to a period spent in quarantine on return to their home country will be at the owner's expense.

The DRC will not be responsible for horse insurance.

Connections should have their own insurance arrangements.

POST ARRIVAL RECOVERY PERIOD

- Horses arriving in the UAE will be restricted to their allocated compound at the Quarantine facility for up to 48 hours, depending on the length of journey.
- Horses which travel for less than six (6) hours (stable to stable) will be confined for a minimum of 12 hours after their arrival at the quarantine facility.
- Horses travelling for more than six (6) hours (stable to stable) will be confined for a minimum of 48 hours after their arrival at the quarantine facility.

During this time, they will not be allowed out on the exercise track; they will be closely monitored for recovery from the journey and appropriate testing will be performed based on country of origin.

Exercise will be permitted within the confines of the facility with each compound having a walking ring. The rules are intended to reduce the risk of disease developing in horses and possibly spreading to other horses.

VACCINATION REQUIREMENTS

Equine influenza vaccination requirements for permanent entry into UAE is compulsory. Within 60 days of export but NOT within 14 days of export the horse must be administered the following:

- Either a valid primary course consisting of two vaccinations 21 - 42 days apart with the same vaccine (both doses must be administered within the 60 days but not within 14 days of travel.)
- Or a booster to a valid primary vaccination (21 - 42 days apart with the same vaccine) - boosters must be given within 12 months of the primary course, and within 12 months of each booster vaccination. The most recent booster must be within 60 days but not within 14 days of shipping.

If the primary course in the passport does not meet with the required 21 - 42 day interval, or both doses were not the same vaccine then a new primary course MUST be given.

If there is more than 12 months between any booster doses a new primary course MUST be given.

If you are considering travelling your horse to the Dubai World Cup please urgently send a coloured scan of the passport vaccination pages to JMCL so that they can advise if there is any action to take in this regard to ensure shipping.

VETERINARY PROTOCOLS

VETERINARY INSPECTION OF HORSES COMPETING AT DUBAI WORLD CUP MEETING

- 1.** Every horse invited to compete in the Dubai World Cup meeting will be subject to a Veterinary inspection performed by the Emirates Racing Authority Veterinary Officer. The purpose of the inspection is to ensure that a horse does not have any abnormalities which could adversely affect its health, its performance, or its chances of competing in its race at this meeting.
- 2.** This compulsory inspection will be performed between two (2) days and five (5) days, prior to Dubai World Cup race day, or at any other time determined by the ERA and the Dubai Racing Club.
- 3.** The inspection will require the horse to be identified via its passport and to be trotted-up in hand on a firm, flat non-slippery surface to assess its action and to have its locomotory structures palpated for abnormalities.
- 4.** If a relevant abnormality is detected, the ERA Veterinary Officer will monitor the condition of the horse in consultation with an ERA appointed panel of Veterinary Surgeons
- 5.** Trainers are invited to present horses which may have some gait idiosyncrasies to the Veterinary Officer earlier than the suggested dates to overcome any misunderstanding on suitability to race issues.
- 6.** A video of the horse trotting at least 20m towards and away from the person recording the video, on a firm flat surface no longer than 6 days before departure for Dubai. Video to be sent to the ERA Regulatory Veterinarian
